Technical Specifications:

Quantity	150 ml
Barcode	EAN 13: 8034108898865
Confection	24 pz
Solubility	water insoluble
Aspect	Cylinder containing under pressure fluid
Color	Straw yellow
Odour	Characteristic of solvent
Relative Density	at 20°C 0,75 ÷ 0,79 g/ml
Flash Point	Low. 0° C
Pressure at 20°C	3/5 bar
Vapor tension	0,5 hPa a 20°C

ASTM D 2783-03		
Test / Method	Un.measure	Result
Speed	laps/min	1760
Time of test	s	10
Engage load	kgf	50
Weld load	kgf	160
Load load / wear	kgf	30

ASTM D 4172-94		
Test / Method	Un.measure	Result
Speed	laps/min	1200
Time of test	min	60
Load / Charge	kgf	40
Temperature room	/	/
Diam. Medium Wear track	mm	0,86

MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 0° degrees and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.

Hazards identification:

- H222** Extremely flammable aerosol.
- H229** Pressurised container: may burst if heated.
- H336** May cause drowsiness or dizziness.

This information, even if reliable, must be considered only approximate. The usage don't imply our responsibility, included the violation of many license. Before using, the users have to verify the suitability of the product for the specific use.
