CHAIN GREASE HQ– High performance chain grease. High-quality product developed and tested for on-and off-road motorcycle racing that provides guaranteed lubrication for extended periods of intense use. It penetrates links and lubricates pins to ensure elevated output and precision during movement transmissions; it constantly guarantees the highest performance from the transmission mechanical elements. It protects against water and dust. It reduces wear on the chain, the crown well, the pinion and all mechanical moving parts.

Technical Specifications:

Aspect	Cylinder containing under pressure fluid
Color	Dark brown
Odour	Characteristic of solvent
Relative density	at 20°C 0,71 ÷ 0,75 g/ml
Flash point	0° C
Pressure at 20°C	4/6 bar
Viscosity at 100°	(cSt) 2500-3000
Penetration at 25°	265-295
Application temperature	-40°C - +200°C (peak)
Solubility	insoluble

HOW TO USE: shake and spray directly on the surface from a distance of 15 – 25 cm. The product could be sprayed also with straw (posted in a multi straw cap).
