

Silicon grease 125 ml (G022)

Tube version for this excellent Ambro-Sol lubricant with different features: it's water-repellent, isolating, polish and protective. It also operates against oxide and it removes all plastic adhesive materials.

Quantity	125 ml
Barcode	EAN 13: 8034108898841
Confection	12 pz / 24 pz / 48 pz

SILICON GREASE – Colorless and odorless methyl siloxane based (silicon oil) product. Excellent lubricating, insulating and protective action on many different materials. Water-repellent, protects surfaces from corrosion caused by vapors and smoke. It can be used to waterproof fabrics, soft tops, leather and skins, maintaining the long-term elasticity of part made of rubber (O-rings, seals). The product can also be applied as polish and protective finish on metal surfaces. Spread it with a cloth on steel, copper, bronze, brass or silver to prevent rust and keep surfaces brilliant and glossy for long periods.

Technical Specifications:

Aspect	Tube
Color	Transparent
Odour	Odourless
Relative density	at 20°C 0,88 ÷ 0,92 g/ml
Flash point	>300° C
Consistence	220 - 250 mm/10
Penetration at 25°C 0.1 mm	190 ÷ 240
Drip point	+ 200 °C
Application temperature	- 55°C - + 220°C
Pour point	< - 10°C

MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under zero degrees and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.
