

METALHEAD Refillable (MET)

This is a refillable marker created in collaboration with METALHEAD™ paint; it writes in a permanent way on all surfaces, included rough surfaces. It doesn't worry about oils and filth, and it's waterproof.

METALHEAD REFILLABLE – The metal ball point easily slips on rough, greasy and dirty surfaces. It creates thick and durable signs in the time. It writes from any position and the plastic jar, even if pressed, returns to the original form and it doesn't deform. Resistant to the light, to the water and the atmospheric agents, the METALHEAD paint withstands besides to many industrial chemical products and is permanent on the oily, fat and rusted metals, as on damp lumber and raw concrete.

Technical Specifications:

Quantity	50 ml
Confection	12 Pz.
Aspect	Recharge in plastic jar
Color	Black, white, red, orange, green, blu, silver
Odour	Characteristic of solvent
Relative density	at 20°C 0,96 ÷ 1,00 g/ml
Boiling point	77 °C – 120°C
Flash point	12°C c.a.
Tip	metal ball point
Tip diameter	4 mm c.a
Range Temperature	-46°C / +66°C
Drying time	Out dust 10 minutes
	Dry to touch 15 minutes
	Dry in depht: 22 hours

HOW TO USE: Unscrew the tip and the cap, then remove the seal from the bottle before use. Screw again the tip and the cap, then shake well before use. Press the tip and press the jar for the control of the out-exit of product

MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 0° degrees and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.

Hazards identification:

H336	May cause drowsiness or dizziness
H319	Causes serious eye irritation
EUH066	Repeated exposure may cause skin dryness or cracking
