

## Silicon sealant remover 400 ml (P301)

This spray is perfect with fresh silicone and with stale silicone. It removes silicone and its residuals without ruining the surface and it doesn't make it opaque either. This is another amazing product included in the Ambro-Sol "Cleaning" line.

**SILICON SEALANT REMOVER** – Mix of solvents designed to remove excess of silicone or silicone scraps. The product acts quickly in the presence of fresh silicone and slower in the presence of hardened silicone. When large amounts of silicone need to be removed, first, remove as much as possible before applying the solvent. It does not corrode or tarnish any surface

### Technical Specifications:

Barcode	EAN:8034108890319
Quantity	400 ml
Confection	12 Pz.
Aspect	Cylinder containing under pressure fluid
Color	Light white
Odour	Characteristic of solvent
Relative density	a 20°C 0,68 ÷ 0,72 g/ml
Flash point	0° C
Pressure at 20°C	4/6 bar
Water solubility	insoluble
Solvent solubility	Total
Viscosity at 100°C	3,8 cSt (dry residue)
Melting point	52-62°C ( dry residue )
Penetration test	<= 30 dmm (25°C) ( dry residue )
Observations	Product with gel technology, it does not drip.

**HOW TO USE:** *Fresh silicone:* Shake well before use and spray on the surface from a distance of about 15 cm, leave to act for a few minutes and then clean with a cloth or a spatula. *Hardened silicone:* Scrape the biggest one with a razor blade or putty knife. Shake well before use and spray the surface from a distance of about 15 cm and leave the product to act for a few minutes. Remove with a rag or a spatula. Repeat the operation if necessary.

### MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 0° degrees and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.

#### Hazards identification:

H222	<b>Extremely flammable aerosol.</b>
H229	<b>Pressurized container: it may burst if heated.</b>
H319	<b>Causes serious eye irritation.</b>
H315	<b>Causes skin irritation.</b>
H336	<b>May cause drowsiness or dizziness.</b>
H411	<b>Toxic to aquatic life with long lasting effects.</b>
