

## Anti-spatter for welding (W506)

This product is silicone substance free, and it's ideal for professional uses but also for do-it-yourself uses. This spray prevents the formation of corrosions, it protects from humidity and prevents the seize.

**ANTI-SPATTER FOR WELDING** – A product made of film forming synthetic polymers which, owing to their special features, it prevents the seizure of welding spatter to any surface. The film also prevents oxidation and corrosion caused by chemicals. It is suitable for autogenous, electric and inert-gas welding. The compound is free of silicon substances.

### Technical specifications:

Barcode	EAN: 8034108890517
Quantity	400 ml
Confection	12 Pz.
Aspect	Cylinder containing under pressure fluid
Colour	straw yellow
Odour	Typical of solvent
Relative density	At 20°C 0,55 ÷ 0,59 g/ml
Flash point	Low. 0° C
Pressure a 20°C	3/5 bar
Vapor pressure	< 0,01 hPa a 20°C
Vapor density(air=1)	9-12
Viscosity at 50°C	(ASTM D 445) 11 ÷ 24 cst
Solubilità	Insoluble in water
Autoignition temperature	>400°C(dry residual)
Corrosion on copper	(ASTM D 130): 1

**HOW TO USE** Before applying, clean the torch from dross and subsequently apply the product. Spray onto the mouth of the torch and the surface edges to be welded. Do not spray directly on the flaps to be welded. Shake well before use. Make a try first if the can is new. Hold the cylinder to 20-30 cm away from the surface and in vertical position. Do not spray excessive amounts of product.

### MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 0°C degrees and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.

### Hazards identification:

- H222** Extremely flammable aerosol.  
**H229** Pressurized container: may burst if heated.

This information, even if reliable, must be considered only approximate. The usage don't imply our responsibility, included the violation of many license. Before using, the users have to verify the suitability of the product for the specific use.
